

Clovelly Crocodiles

Parent and Carer COVID Requirements

June 2020

1. Overview

This document sets out the COVID-19 return to training requirements for all parents and carers of the Clovelly Crocodiles JRFLC.

The protocols are designed to ensure the safety of our players, coaches, trainers and managers and the general public who we come into contact with at our training venue, Burrows Park.

These protocols were developed in light of the Public Health Order (No 2) 2020 released 14th May and the AIS Framework for Rebooting Sport in a Covid-19 Environment (May 2020).

2. COVID Training required prior to commencing Crocs training

The Clovelly Crocs COVID Team will be undertaking a **COVID Education Session** with all our Coaches, Trainers and Managers.

No teams will be allowed to return to train without successfully completing this education session.

Before training, every parent will be provided with this Club COVID education document detailing the requirements for the players, themselves and coaching staff.

3. Player and Parent / Carer Responsibilities

Players must be registered for 2020 season.

We strongly advise players and parents/carers to **download the COVIDSafe App** and have it functional at training sessions.

If a player has had or is **awaiting test results for COVID-19** or has been in direct contact with anyone else in that situation they must let a club official know urgently. In that case the player must self-isolate, stay away from training and avoid any contact with players or coaching staff, until they have medical clearance to do so.

If they **feel generally unwell or display flu-like symptoms** they should not come to training and are to advise their team manager of their non-attendance and why.

We strongly advise that players **have a flu shot** to minimise health risks and the spread of illness to their clubmates and coach staff.

4. Burrows Entry, training registration and Exit from Burrows

All players **MUST enter Burrows Park** via the northern ramp (grass pathway adjacent to the Bowling Club) and proceed through the **Sanitising and Check-in Station**.

All participants to sign the attendance register and provide ID details (phone number).

They must not enter the field from anywhere else.

The players will be briefly **questioned on their health status by a Coach** or Club Volunteer. If anyone advises of or is showing signs of general mild symptoms such as a cough, sore throat, shortness of breath, fever, sneezing etc, they will be asked to go home immediately and seek medical advice.

Players will **sanitise their hands** using dispensers supplied.

Consistent with the Get In, Train and Get Out policy, **parents will not be allowed to stay**, mingle and watch training.

5. Coach to reiterate COVID safe procedures

Upon Check in, the player will then go directly to their allocated Coach

The Coach will give directions on how the session will run and rules the players need to abide by:

- Players must maintain a 1.5m social distance from their training group members at this time.
- Follow all instructions provided and given at training – it is for your safety.
- Do not touch other people i.e. no shaking hands, high-fives or hugging etc.
- Always maintain a 1.5 metre distance apart and avoid any contact where possible.
- Avoid touching eyes, nose and mouth as much as possible.
- Avoid spitting or blowing noses on or around the field.
- Do not mix with the other groups or encroach on the training areas.

Players must **maintain a required 1.5 metre social distance** from anyone while going through the COVID-19 safety protocols and approval. They should listen to instructions on where to assemble.

June 2020

6. Players not to mix with other teams

Players are not to mix or have any physical contact with other training groups from this point onwards.

It is essential they go and stay with their allocated Group and no swapping between groups is permitted for all players safety.

7. Training equipment sanitised

All equipment will be hygienically cleaned at the conclusion of training.

Coaches will be required to ensure **all of their team's training equipment** is sanitised upon completion of the training session. The Club will provide washing equipment at the Burrows Sheds.

Any shared footballs and equipment (e.g. the Club's tackle bags) will be hygienically cleaned by the Coach after use and prior to their group using it.

8. Players to leave at the end of their session

Upon completion of training players must promptly leave Burrows Park via the South Western gates on Ocean St when requested to do so.

They will not be allowed to mingle at the field or outside it with players in other groups or those arriving.

If their parent/guardian's car is not there, the Coach will ensure that players waiting are 1.5m apart.

Players should shower as soon as they get home.

Training gear should be thoroughly washed ASAP after training.
